

## Wildlife Photography Workshop July 1, 2007 through July 3, 2007

Join photographers *John Meek* and *David Stratton* at the *Minnesota Wildlife Connection* for 3 days of wildlife photography. You will have the opportunity to photograph cougar, deer, bobcat, lynx, bear, wolf and many other North American species. As a special feature, snakes, lizards and frogs will be available for this event.

This workshop is geared towards both the professional and amateur photographer. Both John and David will be available to share their knowledge so that you can create many wonderful images of animals in natural settings.

Bring along a 35mm or digital SLR and enjoy! Most images can be shot using lenses from 28mm through 200mm. Lenses larger than 200mm may also be used, but fantastic up close and personal images are yours for the taking even if you don't have them. A tripod and flash are highly recommended. Macro lenses and/or extension tubes will also be handy for the smaller animals. Be sure to bring extra batteries and LOTS of memory cards or film. We estimate that you will be shooting as many as 700 images or 20 rolls of film per day.

**\$1995.00 per person includes: Minnesota Wildlife Connection fees, 3 nights lodging, 3 continental breakfasts, 3 lunches and 1 buffet dinner. All fees are based on double occupancy.**

*Airfare and/or ground transportation are not included in this price.*
